

## End-of-Life Notification

Date: \_\_ 20th Aug 2025

—

Dear Valued Customer,

As part of our product lifecycle management process, Bel Power Solutions & Protection provides notification when a product has reached End-Of-Life (EOL) status. EOL decisions are based on our review of material availability, historical unit shipment volume and product revenue performance. Due to low sales volume, BPS has not updated the certification for VLT130 and VLT150 variants under the newer safety standard and has decided to make these FGs End-Of-Life.

If you have any questions concerning this End-of-Life notification, please contact your EOS/Bel Fuse Customer Support Representative.

The parts impacted by this notification are listed on the following page.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Sincerely,

Cristina Birdthistle

Bel Power Solutions & Protection  
Manager, Customer Service
