EOL of Bel (EOS branded) LFMWLT150-10XX and LFMWLT150-13XX Series:

Dear Valued Customer,

As part of our product lifecycle management process, EOS Power provides notification when a product has reached End-Of-Life (EOL) status. EOL decisions are based on our review of material availability, historical unit shipment volume and product revenue performance. Products designated for End-Of-Life will be available for a last time buy purchase prior to being made obsolete, depending on component availability.

Last Time Buy (LTB) orders accepted until: December 31st 2025
 Last Time Shipments until: March 31st 2026 (subject to availability).

After the indicated dates, the affected products will be considered obsolete. Acceptance of last time buy orders is subject to product and material availability and at the discretion of EOS Power. Every effort will be made to fulfill these orders. Purchase orders for these products will be considered Non-Cancellable, Non-Returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your EOS/Bel Fuse Customer Support Representative.

The LFMWLT150-10XX & LFMWLT150-13XX series power modules will be discontinued and applies to all variants within the LFMWLT150-10XX & LFMWLT150-13XX model line. As a direct replacement, we are proposing LFMWLT150-10XX-11 & LFMWLT150-13XX-11 series. These proposed models are identical in circuitry, functionality, size, dimensions, and performance compared to the previous series. Differences are listed as below,

The former LFMWLT150-10XX & LFMWLT150-13XX modules are rated **2 MOOP** (Means of Operator Protection)

The new LFMWLT150-10XX-11 & LFMWLT150-13XX-11 modules are rated **2 MOPP** (Means of Patient Protection)
